Independent schools: make the most of Optimus CPD

From compliance to generating income, use your Optimus Education membership to ensure staff and student development in your school.

Build your brand

Smaller independent schools can work with local communities to help widen their appeal and manage their reputation.

Be inspection ready

If you're preparing for an ISI inspection, read a case study from a school for advice on what to expect.

Stay compliant

Use the adaptable statutory model policy templates to ensure yours are up to date and demonstrate your legal compliance.

Fundraise with your alumni

What role can your alumni play in a fundraising strategy? Try these ideas to engage former students.

Keep pupils safe online

Protecting pupils from inappropriate online content can be especially complicated in a boarding school. Implement an approach to ensure safe use of the internet.

Ensure consistency

Planning QA processes? Download the QA templates and use the 10 step guide to implement a common approach to quality assurance.

Work with peers

The Independent State School Partnership (ISSP) case study looks at how a school built links with others for the benefit of pupils and wider community.

Share experience

Share best boarding practice on looking after the wellbeing of pupils 24/7 and keeping them safe in a boarding school.

Improve wellbeing

Help pupils manage pressure from parents with strategies to help develop realistic expectations and a three-way partnership.
