The SEN Green Paper & Achievement for All

Leading outstanding SEN provision, managing the implications of the Green Paper and ensuring high-quality support and better learning outcomes

"Disabled children and children with SEN tell us that they can feel frustrated by a lack of the right help at school or from other services. For children with the most complex support needs, this can significantly affect their quality of life."

Sarah Teather MP, Minister of State for Children & Families

The SEN and Disability Green Paper, released March 2011, outlined the Government's vision to support better learning outcomes for young people. Since the release, there are now 20 pathfinders in place testing out the main proposals of the Green Paper, covering 31 local authorities and their partners. In addition, the Government's response to the consultation is imminent, and detailed reform plans are likely to follow. This will shape the basis of necessary legislative changes, expected in May 2012.

As the Government begins to implement major changes to Special Education Needs, are you fully aware of your new responsibilities and how these will affect your role?

The SEN Green Paper & Achievement for All conference is your opportunity to get to grips with how latest developments of the Green Paper will affect your role as SENCO. We will be welcoming leading figures in SEN who will enable you to return to your organisation knowing how to meet the latest challenges of:

- Early Identification & Assessment: identify problems as they emerge through a robust system of early checks for pupils and implement reformed assessment processes for children with special educational needs
- Greater Parental Control: harness the involvement of parents/carers in their child's education to encourage and support the highest aspirations
- Learning & Achieving: ensure progress is made by all SEN pupils in preparation for sharper accountability measures
- Greater Collaboration: utilise the power of partnership between schools and local services to improve consistency and flexibility

Over the course of this timely event you will gain a complete toolkit that provides practical advice on how to survive and succeed in the role of SENCO in an era of change. *Rita Cheminais, Independent Education Consultant, Every Child Matters (ECM) Solutions* will offer guidance on how SENCO's can use the challenges set out in the Green Paper, and soon to be White Paper, as a catalyst for positive change. How to ensure tailored support and provision is offered to all SEN pupils, no matter how small their disability may be.

Mark Blois, Partner, Browne Jacobson LLP will deliver two legal focused workshops designed to comprehensively update you on the latest changes to SEN Law. Attend these sessions to ensure you are complying with the **revised statutory assessment process** set out in the Green Paper and that you are fully aware of your new responsibilities in accordance with the **new schools guidance on disability obligations**.

Plus: Outstanding Ofsted Case Study

Hear from Gareth D Morewood, Director of Curriculum Support at Priestnall School, recently graded outstanding for SEN, on how you can lead outstanding SEN provision across school

Return to your organisation armed with a toolkit designed to allow you to respond to the challenges of the latest developments from the Green Paper and eventual legislation and implement them to best effect in your school.

Please take a moment to look through the programme on the opposite page and complete and return the final page to register. We look forward to welcoming you in March.
