SENCO Update

ONE-DAY NATIONAL CONFERENCE

15th Annual SENCO Update

Meeting the needs of all learners, supporting staff to deliver QFT and becoming an inclusive and accessible school

25th May 2017, London

SENCO update conference 2017

Meeting the needs of all learners, supporting staff to deliver QFT and becoming an inclusive and accessible school

The Code is clear about all staff taking responsibility for the progress of pupils with SEND and the importance of quality-first teaching in the classroom.

But as SENCOs, it is easy to become absorbed with administration tasks and volumes of paperwork rather than focusing on what makes the biggest difference to pupils with SEND – what happens in the classroom.

“Very worthwhile and I can’t wait for next year”

SENCO, Evelyn Grace Academy

Now in its 15th year, this is the only event where you not only gain training to develop your own skills, but a wealth of resources before and after the event to support your teachers to be more inclusive and deliver more personalised teaching and learning in their classrooms.

Our SENCO Masterclasses are back for a second year!

SENCO Masterclass PLUS
