Ensure a rich environment where every child thrives

### QUALITY FIRST TEACHING

Ignite passion and inspire your learners to excel

### IMPACT

Accelerate learning through interventions that boost progress

*‘Done well, feedback can support pupil progress, build learning, address misunderstanding and thereby close the gap between where a pupil is and where the teacher wants them to be. This process is a crucial component of high-quality teaching, which has never been more important as schools look to recover their pupils’ learning in the wake of the pandemic.’*

PROFESSOR BECKY FRANCIS, CEO, THE EDUCATION ENDOWMENT FOUNDATION, JUNE 2021.

This conference will provide opportunity to network and discuss key teaching and learning issues, delivering practical tools and reflective space. Ensure your learners are inspired, engaged and motivated, and your curriculum and interventions have maximum impact.
